NEPHROLOGICAL

Chronic Kidney Disease (CKD)

Pathology: Gradual renal decline (>3 mos) driven by diabetes/HTN.

Cutoffs: eGFR < 60 mL/min/1.73m², UACR > 30 mg/g.

Allopathy: ACEi/ARBs + SGLT2 inhibitors.

Ayurveda: Punarnava, Varuna, Gokshura, Basti.

Filtering System

NEPHROLOGICAL

Lupus Nephritis

Pathology: SLE autoantibody glomerulus attack (ISN/RPS I–VI).

Hallmark: Class IV "wire-loop" capillary thickening.

Allopathy: Pulse Methylprednisolone + MMF/Cyclophosphamide.

Ayurveda: Tikta Basti & Pitta-shamak Rasayanas.

Glomerular Autoimmune

RENAL VASCULAR

Diabetic Nephropathy

Pathology: Non-enzymatic glycation & hyperfiltration.

Cutoffs: Microalbuminuria (30–300 mg/d) to Macro (>300).

Allopathy: SGLT2i + ACEi/ARBs, strict HbA1c control.

Ayurveda: Shilajit, Amalaki, Asanadi Gana.

Metabolic Microvascular

RENAL GENETIC

Polycystic Kidney Disease

Pathology: Fluid cyst growth destroying parenchyma (PKD1/2, PKHD1).

Symptoms: Flank pain, HTN, hematuria, palpable mass.

Allopathy: Tolvaptan (Vasopressin V2 antagonist) + RAAS blockade.

Ayurveda: Kanchanar Guggulu (Granthi-hara).

Genetic Cysts

UROLOGICAL

Kidney Stones (Nephrolithiasis)

Pathology: Salt/mineral deposits blocking urine flow.

Subtypes: Calcium Oxalate, Uric Acid, Struvite, Cystine.

Allopathy: Tamsulosin (expulsive), ESWL, PCNL surgery.

Ayurveda: Pashanbhed, Kultha (Horse gram), Varuna.

Drainage Obstruction

RENAL ENVIRONMENTAL

CINAC

Pathology: Interstitial damage in tropical agricultural workers.

Triggers: Agrochemicals, heavy metals, chronic heat dehydration.

Allopathy: Chemical withdrawal, aggressive rehydration.

Ayurveda: Cooling Usheera & Shatavari demulcents.

Tubulointerstitial
